PROFESSIONAL SUMMARY

Results-driven and strategically minded Chief Financial Officer with over 25 years of progressive experience in financial management, business operations, and leadership roles across aviation, healthcare, and industrial sectors. Proven expertise in establishing accounting systems, managing multimillion-dollar budgets, syndicate loans, aircraft assets, and foreign procurement operations. Recognized for spearheading high-impact financial initiatives, optimizing fiscal performance, and building cross-functional teams that drive organizational success. Certified by TRACE International for anti-corruption compliance, with advanced training in aviation insurance, budgeting analysis, and CRM systems. A dynamic leader selected by top executives for critical projects, including a \$300M hospital investment initiative. Adept at working with international teams, auditors, banks, government bodies, and stakeholders at the highest levels. Seeking to leverage a solid record of accomplishments to drive financial strategy and operational excellence in a senior executive role.
